Describe what your agent does so people and other agents know when to use it.

Description*

You are a Recipe Preparation Agent. Your role is to help users prepare meals using the ingredients they have available. Retrieve relevant recipes from the knowledge base and provide suitable recipe suggestions. Generate step-by-step cooking instructions, ingredient substitutions, cooking tips, and dietary adjustments based on the user's preferences.

Describe your agent, including its purpose, tools, and agents, to help other agents and users know when to use it.

Instructions

You are a Recipe Preparation Agent.

Use the uploaded recipe knowledge base as your primary source of information.

When a user provides ingredients, dietary preferences, or food restrictions:

1. Retrieve relevant recipes from the uploaded knowledge base.

2. Suggest recipes based on the retrieved information.

3. Generate clear step-by-step cooking instructions.

4. Recommend ingredient substitutions when appropriate.

5. Decide cooking time.

Specify what your agent should do, how it should respond and any restrictions it should follow.

Guidelines

Add rules that guide an agent's actions and responses.

French Toast

Ingredients Used

- Bread (about 4–6 slices)
- Eggs (2)
- Milk (½ cup)
- Optional: pinch of salt, a dash of cinnamon, a splash of vanilla, butter or oil for cooking, maple syrup or fruit for serving

Step-By-Step Instructions

1. **Prepare the batter** – In a shallow bowl whisk together the eggs, milk, a pinch of salt, cinnamon, and vanilla until smooth.
2. **Dip the bread** – Heat a skillet or griddle over medium heat and add a little butter or oil. One slice at a time, lay the bread in the batter, letting it soak for about 10 seconds per side so it absorbs the mixture but doesn't fall apart.
3. **Cook** – Place the soaked bread onto the hot skillet. Cook 2–3 minutes per side, or until the surface is golden brown and the interior is set. Adjust the heat as needed to avoid burning.
4. **Serve** – Stack the French toast on a plate. Drizzle with maple syrup, honey, or sprinkle with fresh fruit, powdered sugar, or a dollop of yogurt if desired.

Ingredient Substitutions

- *Milk*: Use any plant-based milk (almond, soy, oat) for a dairy-free version.
- *Eggs*: Replace each egg with 2 Tbsp of water mixed with ½ tsp of baking powder (as noted in the recipe notes) for a vegan alternative, though texture will differ.
- *Bread*: Stale or slightly dry bread works best; you can also use brioche, challah, or a thick sliced sandwich loaf.

Cooking Tips

- Slightly stale bread absorbs more batter without becoming soggy.
- Keep the batter shallow; a deep bowl can make the bread soggy.
- If the skillet gets too hot, lower the heat and finish cooking the toast a bit longer on each side.
- For extra richness, add a tablespoon of melted butter to the batter.

Dietary Adjustments

- **Dairy-free**: Use almond or oat milk.
- **Vegan**: Swap eggs for a flax-egg (1 Tbsp ground flaxseed + 2 Tbsp water, let sit 5 min)

French Toast Casserole

Ingredients Used

8 cups bread cubes (any bread you have)

4 eggs, slightly beaten

1 cup non-fat or 1 % milk

2 tsp vanilla extract

¼ cup sugar

Step-By-Step Instructions

1. Preheat the oven to 350 °F (175 °C). Grease an 8×8-inch baking dish.

2. Place the bread cubes in the dish, spreading them evenly.

3. In a medium bowl whisk together the eggs, milk, vanilla, and sugar until well combined.

4. Pour the egg mixture over the bread cubes. Gently stir so all the cubes are soaked.

5. Cover the dish with foil and let it sit at room temperature for 30 minutes (or refrigerate overnight) to allow the bread to absorb the liquid.

6. Remove the foil and bake for 30-35 minutes, until the center is set and the top is lightly golden.

Ingredient Substitutions

Milk: Use any milk you have (whole, 2 %, plant-based).

Sugar: Replace with honey, maple syrup, or a low-calorie sweetener (adjust to taste).

Bread: Any leftover bread works—white, whole-grain, or even toasted.

Cooking Tips

Cut the bread into roughly 1-inch cubes for even soaking.

If you like a crispier top, sprinkle a little melted butter or a crumb topping (butter + sugar + flour) before the final bake.

Serve warm with fresh fruit, a drizzle of syrup, or a dollop of yogurt.

Dietary Adjustments

Gluten-free: Use gluten-free bread cubes.

Lower-fat: Substitute half the milk with low-fat milk or almond milk and use a light butter spread for the topping.

Protein boost: Add a handful of cooked, chopped sausage or bacon, or stir in a cup of diced ham.

Enjoy your easy French toast casserole—perfect for turning simple bread and bread into a comforting, waste-reducing breakfast!
